

Hi everyone! This is Jeff Caldwell from the LSM class of 2011!

I hope that by now you have heard about our serenity and ash scattering garden project at the San Marcos Cemetery. We are very excited about our project and the positive attention it is getting throughout our community!

I wanted to take a moment to update you on our progress. I had a meeting Friday the 11th with the cemetery commission chairman and a member of the parks and rec staff. We are solidly moving forward on our project but still need some assistance with fundraising.

The parks and rec staff and the commission are asking us to have all or a substantial amount of our fund raising done, including in kind donations, by Wednesday, March 23rd. That is the date of the next commission meeting. I expressed that our group was very committed to getting this project done and that we would do everything we can to comply with the March 23rd date.

This is where we need your help...

A little over a week ago we sent out fundraising letters to the LSM alumni based on the LSM mailing list and have received a few checks back. THANK YOU to those who have already donated. We are asking for help to meet this deadline and show everyone that LSM is dedicated to San Marcos and completing projects that bolster the community. I also ask that you please forward this request on to your friends and connections in San Marcos who may not know about our project.

I hope everyone sees this as a positive challenge to get this very worthy project done, as well as prove our group's ability to pull together and push through any obstacle or challenge.

To donate you can mail a check to Leadership San Marcos, Class of 2011 Project, P.O.Box 1144, San Marcos, Texas 78666, or you can donate using a credit card through Pay Pal. When using Pay Pal you can select to pay the fees associated with the transaction or elect to have us pay the fees, which will come off the donated amount. When using Pay Pal please use the following email address as the payee: leadershipclassproject2011@gmail.com.

Thanks again for your support and we look forward to completing this project on behalf of everyone in LSM.

Thanks,
Jeff Caldwell
Class of 2011
